

## 2021 Rosé Wine

This is our 12th release of Rosé and we could not be happier with the results. This is always one of our most popular wines and will sell out quickly so do not wait as supply is limited! The August Briggs Rosé was produced with mélange of grapes grown in both Sonoma and Contra Costa counties. We started with some juice bled off the skins of some Zinfandel from Contra Costa County and added in some Cabernet Sauvignon, Malbec and Cabernet Franc from Sonoma County. A wild and unique blend for sure!

The color shimmers with a shade between salmon and bright persimmon. This refreshing rosé shows vibrant blood orange, citrus rind and a hint of nectarine in the aroma that is effusive upon a few swirls of the glass. Lip-smacking flavors of fresh nectarine mixed with spice and citrus dance together in harmony. This wine is juicy, refreshing and elegant all at the same time. This vintage is much more round and soft on the palate than previous vintage of our rosé which makes it great for just sipping on its own.
